Ashu Suyash, Managing Director & CEO, CRISIL, said, "We saw continued growth across our ratings and advisory businesses. In the research segment, there was moderation as the Risk & Analytics business saw impact from changing regulatory stance, particularly in the US. We are in an advanced stage of augmenting our products and solutions suite, creating new avenues to meet emerging client needs."

The Ratings business maintained growth momentum this quarter by focussing on new client acquisition, and continued traction in the securitisation market. The business saw strong year-on-year growth in corporate bond ratings with year to date issuances higher versus same period last year. Our steadfast and sharp focus on analytical rigour, independence and high quality of ratings helped reinforce our differentiated position in the credit ratings industry, even as the non-banking sector was hit by a crisis late last year. Global Analytical Center continued to work closely with S&P Global and grew on the back

of increased support given their entry into China. However, overall, growth in the ratings segment was moderated by a drop in number of issuances for bank loan ratings.

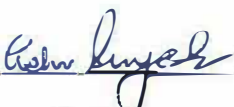

In the research segment, the Financial Research business saw good traction in areas such as ESG (environmental, social and governance), data analytics, and automation-based solutions. Revenue growth in the India Research business was driven by enhanced offerings that support credit and investment decisions. Coalition continued strong growth trajectory through new client adds. The business also launched a comprehensive service combining cost and capital benchmarking during the quarter. Overall, growth for research segment was offset by maturing regulations in the US, which impacted demand for certain risk and regulatory support services such as Comprehensive Capital Analysis and Review.

In the Advisory segment, wholly owned subsidiary CRISIL Risk and Infrastructure Solutions Ltd won many prestigious mandates during the quarter. The business saw sustained growth, driven by solutions for sales productivity, credit risk, and regulations both in India and the Middle East.

The company continues to sharpen focus on automation and process-streamlining to drive cost efficiencies.

CRISIL continued to deepen its franchise in India and globally through client/investor fora and publications on a variety of topics including macro-economic outlook, and securitisation and model risk management, to name a few. Whitepapers on areas such as credit risk and money laundering were also published. We also hosted a series of webinars on a range of areas including auto, telecom, textile, power, and stressed assets.

CRISIL Foundation's Mein Pragati Assam project was selected to receive the National CSR Award, 2018 in the sub-category 'Corporate Awards in CSR in Challenging Circumstances for North East. Under the RBI MoneyWise Centres for Financial Literacy project, the foundation completed outreach to 25,000 additional beneficiaries across Maharashtra and Haryana.

- 5 The Company's operations predominantly relate to providing rating, research and advisory services. Accordingly, revenues earned through rendering of these services represent the primary basis of segment information set out above. Assets and liabilities used interchangeably between segments has been classified as unallocable. The Company believes that it is currently not practicable to allocate all assets and liabilities since a meaningful segregation of the available data is not feasible.
- 6 In compliance with Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, a limited review of the above results has been carried out by the Statutory Auditors of the Company.
- 7 Securities and Exchange Board of India (SEBI) notifications dated May 30, 2018 and September 19, 2018, under the SEBI (Credit Rating Agencies) Regulations, 1999, have mandated segregation of Ratings and Non-Ratings businesses of Credit Rating Agencies. Pursuant to, and in order to comply with these notifications, CRISIL's Board of Directors approved transfer of the Ratings business to CRISIL Ratings Limited, (incorporated on June 3, 2019), a wholly owned subsidiary of CRISIL Limited. This transfer would be undertaken through a scheme of arrangement in terms of Section 230 to 232 of the Companies Act, 2013 to be approved by the Stock Exchanges and the National Company Law Tribunal (NCLT).
- 8 The consolidated financial results include financial results of CRISIL Limited and its wholly owned subsidiaries.
