CRISIL IREVNA UK LIMITED

**STRATEGIC REPORT
FOR THE YEAR ENDED 31 DECEMBER 2017**

INTRODUCTION

The principal activity of the Company during the year was that of a sales agent for the provision of business research information services.

BUSINESS REVIEW

2017 was another year of subdued growth in the world economy. Banks focused to achieve cost efficiency and increase productivity. This opened up new opportunities for the Global Research and Analytics business ("GR&A").

In the Financial Research vertical, we have added clients on both the buy and sell sides. A majority of the incremental business has come from new areas and new clients. There was excellent demand for our services from the buy-side to sharpen their focus on offering differentiated services. We significantly increased our market presence by conducting more meetings with new and prospective clients. We also undertook several thought leadership initiatives for different client segments across contingents which received excellent responses and reinforced our position as an industry leader.

The Risk and Analytics vertical saw good demand as banks continued to face pressure from new regulations such as on fundamental reviews of trading book and reporting requirements. Investments made in the past three years to add new work-streams in Risk and Analytics to cater to new regulatory requirements have begun paying off. We have quickly achieved scale in model development, model validation and stress-testing support, and have added clients in these areas.

In terms of financial performance, turnover has remained consistent from £35.65m in 2016 to £35.47m in the current year, and profit before tax has grown by 182% since 2016 to £9.93m. This is largely on account of an increase in dividend from subsidiary company of £9.5m. The net profit after tax in 2017 is £10.11m has contributed to a stronger financial position with total equity and reserves of £31.91m.

CRISIL IREVNA UK LIMITED

**DIRECTORS' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2017**

PRINCIPAL RISKS AND UNCERTAINTIES

Demand

While the Company is uniquely poised to provide high-end research services to its clients, the business could be impacted on account of reduction in demand for its services from the financial services sector to which it caters.

Competition

Risk can arise from competition from existing and new entrants in the business. However, outsourcing of research services continues to increase from the top global financial services firms who see the arbitrage opportunity to leverage and maintain competitiveness. To address the risk of competition, the Company continues to expand and diversify its client base and revenue streams.

Treasury management and currency risk

It is the Directors' intention to continue to finance the activities and development of the Company from retained earnings. The Directors will maintain the strong financial position and operate the Company in a conservative fashion, whilst maintaining their focus on both profitability and cash flow. Cash surpluses are invested in short term deposits, with any working capital requirements being provided by cash resources.

The Company operates primarily in Sterling and aims to limit its exposure to currency fluctuations by disciplined management of payments and receipts, which are denominated in other currencies.

Brexit

There is currently much political and economic uncertainty regarding the impact of Brexit on the British economy. Whilst the extent of the effect of Brexit on the Company remains uncertain, the Directors are monitoring the situation as it continues to develop and do not anticipate any impact on the Company's business in the immediate future.

FINANCIAL KEY PERFORMANCE INDICATORS

	2017	2016	2015	2014
	£	£	£	£
Turnover	35,473,880	35,657,647	28,235,245	22,296,755
Gross profit	2,621,749	2,322,218	2,503,194	1,626,186
Profit before tax	9,931,726	3,518,391	2,835,936	5,908,659

Profit/(loss) of the Company includes dividend income from Coalition Development Limited of £9,500,000 in 2017, £3,500,000 in 2016, £3,004,685 in 2015, £6,322,067 in 2014 and £1,000,980 in 2013.

This report was approved by the board on 2nd Feb 2018 and signed on its behalf.

Ritesh Agarwal
Director

CRISIL IREVNA UK LIMITED

**DIRECTORS' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2017**

The Directors present their report and the financial statements for the year ended 31 December 2017.

Directors' responsibilities statement

The Directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies for the Company's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Results and dividends

The profit for the year, after taxation, amounted to £10,114,491 (2016 £3,385,091)

The Board of Directors have not proposed the payment of a dividend during the year. (2016 : Nil)

Directors

The Directors who served during the year were:

Ritesh Agarwal
Stephane Besson
Kshitij Bhatia
Venkataraman Srinivasan

Future developments

The Company will continue to offer a comprehensive range of business research information services.

Post balance sheet events

There have been no significant events affecting the Company since the year end.

CRISIL IREVNA UK LIMITED

**DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2017**

Disclosure of information to auditors

The Directors confirmed that:

- so far as the Director is aware, there is no relevant audit information of which the Company's auditor is unaware, and
- the Director have taken all the steps that they ought to have been taken as a Director in order to make themselves aware of any relevant audit information and to establish that the Company's auditors is aware of that information.

Auditors

The auditors, Grant Thornton UK LLP will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board on 2nd Feb 2018 and signed on its behalf.

Ritesh Agarwal
Director

CRISIL IREVNA UK LIMITED

THE MODERN SLAVERY ACT 2015 STATEMENT FOR THE YEAR ENDED 31 DECEMBER 2017

This statement is published by CRISIL Limited ("CRISIL") with regards to its subsidiaries, including in particular CRISIL Irevna UK Limited and Coalition Development Limited ("CRISIL Subsidiaries"), which are subject to the Modern Slavery Act 2015 ("The Act"). CRISIL and CRISIL Subsidiaries together constitute the "CRISIL Entities". This statement is made pursuant to section 54(1) of the The Act and constitutes our slavery and human trafficking statement for the financial year ending 2017.

Introduction

Forced, bonded or compulsory labour, human trafficking and other kinds of slavery signify some of the severest forms of human rights abuse. We are committed to improving our practices to combat slavery and human trafficking.

Organisation's structure

We are a provider of ratings, research, and risk and policy advisory services in the knowledge process and business process outsourcing sector. Our ultimate parent company is S&P Global Inc. CRISIL Limited has its registered office in Mumbai, India. We have approximately 4000 employees worldwide and operate in India, China, Singapore, England, Poland, Argentina and the United States of America.

Our business

Our business is organised into 7 business units: Ratings, Global Research and Analytics, India Research, Infrastructure Advisory, Risk Solutions, Global Analytical Centre and Global Data Services.

Our supply chains

Our supply chains include consultants, advisors, IT (hardware and software) and other office equipment suppliers, professional services from our lawyers, accountants and other advisers, security, catering, office cleaning and other office facilities services, staffing companies etc.

We require all of our suppliers to conduct business in a lawful and ethical manner as part of our supplier on-boarding process and in accepting our trading terms and conditions.

Our policies on slavery and human trafficking

We are committed to ensuring that there is no modern slavery or human trafficking in our supply chains or in any part of our business. Our Modern Slavery Act 2015 Policy reflects our commitment to acting ethically and with integrity in all our business relationships, and to implementing and enforcing effective systems and controls to ensure that slavery and human trafficking is not taking place anywhere in our supply chains.

Due diligence processes for slavery and human trafficking

As part of our initiative to identify and mitigate risk we have in place systems to:

- Identify and assess potential risk areas in our supply chains;
- Mitigate the risk of slavery and human trafficking occurring in our supply chains;
- Monitor potential risk areas in our supply chains;
- Protect whistle blowers; and,
- Where possible, build long standing relationships with local suppliers and make clear our expectations of business behaviour;

Supplier adherence to our values

We have zero tolerance towards slavery and human trafficking. To ensure that all of those in our supply chain

CRISIL IREVNA UK LIMITED

**THE MODERN SLAVERY ACT 2015 STATEMENT
FOR THE YEAR ENDED 31 DECEMBER 2017**

and contractors comply with our values and ethics.

Training

To ensure a high level of understanding of the risks of modern slavery and human trafficking in our supply chains and our business, we provide training to our staff.

Our effectiveness in combating slavery and human trafficking

The Act is relatively new legislation and few companies, including CRISIL Entities, have any experience of seeking out, let alone detecting, slavery or trafficking among their own staff or among those of their suppliers. To date, CRISIL Entities are yet to detect or suspect that any CRISIL Entities or their suppliers employ persons who may be enslaved or trafficked, and so key performance indicators can only be set in respect of reasonable due diligence efforts once experience of the initial outputs of such exercises are collated and analysed.

Independent auditor's report to the members of CRISIL Irevna UK Limited

Opinion

We have audited the financial statements of CRISIL Irevna UK Limited (the 'company') for the year ended 31 December 2017 which comprise Statement of Comprehensive Income, Statement of Financial Position and Statement of Changes In Equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102; The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2017 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Who we are reporting to

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report has been prepared in accordance with applicable legal requirements.

Matter on which we are required to report under the Companies Act 2006

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

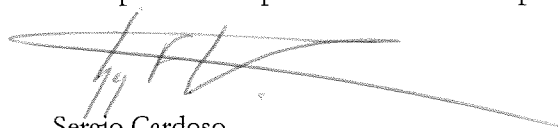

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

CRISIL IREVNA UK LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2017**

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

CRISIL Irevna UK Limited is a private company (registered number: 04111165), limited by shares, registered in England and Wales. The registered office is:

125 Wood Street
London
EC2V 7AW

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 2).

The following principal accounting policies have been applied.

1.2 Financial reporting standard 102 - reduced disclosure exemptions

The company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of CRISIL Limited as at 31 December 2017 and these financial statements may be obtained from CRISIL House, Central Avenue, Hiranandani Business Park, Powai, Mumbai, 400 076, India.

1.3 Going concern

After reviewing the Company's forecasts and projections, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. The Company therefore continues to adopt the going concern basis in preparing its financial statements.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2017

1. ACCOUNTING POLICIES (continued)

1.4 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

Rendering of services

Revenue from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the Company will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

1.5 Intangible assets

Goodwill

Goodwill represents the difference between amounts paid on the cost of a business combination and the acquirer's interest in the fair value of its identifiable assets and liabilities of the acquiree at the date of acquisition. Subsequent to initial recognition, Goodwill is measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is amortised on a straight line basis to the Statement of Comprehensive Income over its useful economic life of 5 years.

Other intangible assets

Intangible assets are initially recognised at cost. After recognition, under the cost model, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses. Intangible assets are amortised on a straight line basis to the Statement of Comprehensive Income over their useful economic life of 7 years.

All intangible assets are considered to have a finite useful life. If a reliable estimate of the useful life cannot be made, the useful life shall not exceed ten years.

1.6 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

CRISIL IREVNA UK LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2017**

1. ACCOUNTING POLICIES (continued)

1.6 Tangible fixed assets (continued)

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method. The estimated useful lives range are:

Fixtures and fittings	- 10 years straight line
Computer equipment	- 3 years straight line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Statement of Comprehensive Income.

1.7 Operating leases: the Company as lessee

Rentals paid under operating leases are charged to the Statement of Comprehensive Income on a straight line basis over the lease term.

1.8 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

1.9 Debtors

Short term debtors are measured at transaction price, less any impairment.

1.10 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

1.11 Financial instruments

The Company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares. Debt instruments, like loans and other accounts receivable and payable, are initially measured at present value of the future payments and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade payables or receivables, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration, expected to be paid or received. However if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially and subsequently, at the present value of the future payment discounted at a market rate of interest for a similar debt instrument.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2017**

1. ACCOUNTING POLICIES (continued)

Financial assets that are measured at cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Income Statement.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate, which is an approximation of the amount that the company would receive for the asset if it were to be sold at the reporting date.

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

1.12 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method. Deposit towards rent is £29,028.

1.13 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Comprehensive Income except when deferred in other comprehensive income as qualifying cash flow hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of Comprehensive Income within 'finance income or costs'. All other foreign exchange gains and losses are presented in the Statement of Comprehensive Income within 'other operating income'.

1.14 Finance costs

Finance costs are charged to the Statement of Comprehensive Income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument. During the year company has interest expense of £313,930 to group company.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2017

1. ACCOUNTING POLICIES (continued)

1.15 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in the Statement of Comprehensive Income when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of Financial Position. The assets of the plan are held separately from the Company in independently administered funds.

1.16 Interest income

Interest income is recognised in the Statement of Comprehensive Income using the effective interest method.

1.17 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in the Statement of Comprehensive Income, except where a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity. In such cases the charge is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Statement of Financial Position date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2017

2. JUDGMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION
UNCERTAINTY

In the process of applying its accounting policies, the Company is required to make certain estimates, judgements and assumptions that it believes are reasonable based on the information available. These judgements, estimates and assumptions affect the amounts of assets and liabilities at the date of the financial statements and the amounts of revenues and expenses recognised during the reporting periods presented.

On an ongoing basis, the Company evaluates its estimates using historical experience, consultation with experts and other methods considered reasonable in the particular circumstances. Actual results may differ significantly from the estimates, the effect of which is recognised in the period in which the facts that give rise to the revision become known.

The following paragraphs detail the estimates and judgements the Company believes to have the most significant impact on the annual results under FRS 102.

Property, plant and equipment (PPE)

The estimated useful economic lives of PPE are based on management's judgement and experience. When management identifies that actual useful economic lives differ materially from the estimates used to calculate depreciation, that charge is adjusted prospectively. Variations between actual and estimated useful economic lives could impact operating results both positively and negatively, although historically few changes to estimated useful economic lives have been required.

The Company is required to evaluate the carrying values of PPE for impairment whenever circumstances indicate, in management's judgement, that the carrying value of such assets may not be recoverable. An impairment review requires management to make subjective judgements concerning the cash flows, growth rates and discount rates of the cash generating units under review.

Impairment of goodwill and intangible assets

The annual impairment assessment in respect of goodwill and acquisition intangibles requires estimates of the value in use (or fair value less costs to sell) of cash-generating units to which goodwill and acquisition intangibles have been allocated. As a result, estimates of future cash flows are required, together with an appropriate discount factor for the purpose of determining the present value of those cash flows. The carrying value of goodwill is £297,707 (2016: £595,413).

The carrying value of acquisition intangibles is Nil (2016: £368,613). Following the annual impairment review, no impairment charge has been recorded against goodwill or acquisition intangibles.

Changes in respect of commercial outcomes around sales volumes, prices, margins and discount rates can impact the recoverable value. Management do not believe that any reasonably possible changes to the key assumptions would produce an impairment in the forthcoming year.

Revenue recognition and allowance for doubtful receivables

The Company recognises revenue generally at the time of service delivery and when collection of the resulting receivable is reasonably assured. When the Company considers that the criteria for revenue recognition are not met for a transaction, revenue recognition is delayed until such time as collectability is reasonably assured. Payments received in advance of revenue recognition are recorded as deferred income. At each reporting date, the Company evaluate the recoverability of trade receivables and record allowances for doubtful receivables based on experience. These allowances are based on, amongst

CRISIL IREVNA UK LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2017**

other things, a consideration of actual collection history. The actual level of receivables collected may differ from the estimated levels of recovery, which could impact operating results positively or negatively.

3. TURNOVER

An analysis of turnover by class of business is as follows:

	2017 £	2016 £
International research	35,473,880	35,657,647
	<u>35,473,880</u>	<u>35,657,647</u>

Analysis of turnover by country of

	2017 £	2016 £
United Kingdom	26,691,586	28,611,117
Rest of Europe	3,833,783	3,049,869
Rest of the world	4,948,511	3,996,661
	<u>35,473,880</u>	<u>35,657,647</u>

4. OPERATING PROFIT
