**A diverse and dynamic enterprise committed to elevating the quality of your life**

Our inherent ability to innovate customer solutions helped us venture into textile retail in 1971 with Nand Kishore Pansari at the helm. In 1996, changing preferences of consumer lifestyle encouraged us to diversify into realty. This has been followed by e-retail, distribution and angel investing.

Today, we have 47 lifestyle stores including The Raymond Shop Poddar Court- the master franchisee for the apparel brand and STORY a book lover's paradise across 4 stores in and around Kolkata. We have also brought leisure and recreation through Junction Mall - the biggest mall in Durgapur, South Bengal.

We offer our esteemed customers affordable high fashion with Raymond, Colour Plus, Essence and Esquire. We also offer quality housing with over 18 completed, on-going and upcoming projects.

We have always believed in social upliftment. Through events, and donation drives, we have taken up several initiatives to promote cultural-social interaction and entrepreneurship. This way, we are fast fulfilling our mission of contributing to society and to the environment; making eastern India a better place to live in.
