Says Ashu Suyash, Managing Director & CEO, CRISIL, "Covid-19 has altered the business dynamics of organisations globally. CRISIL's proactive and planned responses have meant all our businesses remain fully functional through this prolonged pandemic. Driven by our commitment to stakeholders and markets, we have seen client wins across ratings, research and analytics. Growth during the quarter was led by continued uptick in our global risk analytics business, especially in the traded- and model-risk segments. Our ongoing focus on digital and excellence has enabled profitable growth during the period."

While unlocking gathered pace in the third quarter, business sentiment continues to be muted because of sharp slowdown across investment and consumption oriented sectors. Capital markets issuers declined materially by 21% during the quarter, while systemic credit growth remains subdued. However, despite the weak environment, CRISIL Ratings strengthened its leading position in the corporate bond market. The Global Analytical Center (GAC) increased its coverage for S&P Global Ratings, including support for key initiatives such as environmental, social and governance evaluations, and inferencing impact of Covid-19. Overall, given the slackness, the segment de-grew 4% during the third quarter.

Growth in the Research segment was led by the Global Research & Analytics business, which saw strong demand for risk and transformation services. Fundamental research saw a tepid performance because of anticipated sell-side restructuring. India Research launched new industry reports and a district-level Covid-19 dashboard, which received good response. Coalition saw delays in client conversions given the impact of the pandemic across global financial services. The business continues to invest in new products and analytics to meet the needs of new clients. The integration of Greenwich is on track and focus is on client renewals and new mandates. The Research segment revenue grew by 22.1% during the third quarter. Excluding Greenwich, the segment growth was 3.5%.

Growth in the Advisory segment was muted given across-the-board reduction in infrastructure spends. Some risk platform implementation delays are being experienced as banks in India have deferred milestones given the impact of Covid-19. Nonetheless, we continue to see demand for our risk assessment models and early warning signals. Overall, the segment saw 6.4% de-growth during the quarter.

In keeping with CRISIL's people-first approach, we launched thematic wellness webinars and a single-point assistance program called CRISIL Care Medical Assistance Scheme for employee health-related concerns. Our investments in technology, multi-country presence, the analytical nature of our offerings as also timely and decisive steps towards remote work continue to stand the company in good stead, driving business continuity, service and product quality, and employee welfare.

CRISIL continued to publish impactful analysis and insights. The quarter saw 50+ press releases, 10+ opinion pieces and several whitepapers being published on topical matters. Roundtables on areas such as credit risk management and stress testing, and 18 webinars across sectors including steel, cement, pharma, telecom were hosted during the quarter.

CRISIL was certified as a Great Workplace by the Great Place to Work Institute during the quarter. CRISIL was also recognised among 100 best companies for women by Working Mother and Avtar.

Apart from its work on environment conservation and financial literacy, CRISIL Foundation leveraged its Sakhi network to spread awareness on Covid-19 including use of masks, washing hands, other preventive measures as also about government benefits in this situation.

- 5 The Group's operations predominantly relate to providing rating, research and advisory services. Accordingly, revenues earned through rendering of these services represent the primary basis of segment information set out above. Assets and liabilities used interchangeably between segments has been classified as unallocable. The Group believes that it is currently not practicable to allocate all assets and liabilities since a meaningful segregation of the available data is not feasible. In accordance with Ind AS 108 'Operating Segments', the Company has presented segment information along with the consolidated financial results of the Group.
- 6 In compliance with Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, a limited review of the above results has been carried out by the Statutory Auditors of the Company.
- 7 The Group has adopted Ind AS 116 effective January 1, 2020, using the modified retrospective method and has applied the standard to its leases with the cumulative impact recognized on the date of initial application i.e. January 1, 2020. Accordingly, previous period information has not been restated. The lease expenses which were recognized as rent expense in previous periods is now recognized as depreciation expense for the right-of-use asset and finance cost for interest accrued on lease liability. The Group has elected not to recognize right-to-use assets and lease liabilities for short term leases (lease term of 12 months or less) and leases of low-value and has recognized the lease payments for such leases as an expense over the lease term.
- 8 CRISIL completed the acquisition of 100% stake in Greenwich Associates LLC (USA) and its subsidiaries ('GA'), on February 26, 2020, at a total value of USD 40 million, which includes upfront and deferred consideration. The provisional accounting of purchase price allocation had been done. The results attributable to GA includes a revenue of ₹ 47.92 crores and post-tax loss of ₹ 20.25 crores for the quarter ended September 30, 2020 and a revenue of ₹ 104.70 crores and post-tax loss of ₹ 49.81 crores for the period February 26, 2020 to September 30, 2020.
- 9 The Group has considered internal and external information and has performed sensitivity analyses based on current estimates, in assessing the recoverability of receivables, unbilled revenues, goodwill, intangible assets, other financial assets (including cash liquidity), and the profitability of the Group. Whilst the situation continues to be extremely dynamic, at present the Group does not see any material impact on the above. However, the actual impact of the pandemic on the Group's financial performance may differ from what is estimated, and the Group continues to monitor changes to future economic conditions.

10 Securities and Exchange Board of India (SEBI) notifications dated May 30, 2018 and September 19, 2018, under the SEBI (Credit Rating Agencies) Regulations, 1999, have mandated segregation of Ratings and Non-Ratings businesses of Credit Rating Agencies. Pursuant to, and in order to comply with these notifications, CRISIL's Board of Directors approved transfer of the Ratings business to CRISIL Ratings Limited, (incorporated on June 3, 2019), a wholly owned subsidiary of CRISIL Limited. This transfer has been undertaken through a 'Scheme of arrangement in terms of Section 230 to 232 of the Companies Act, 2013' ('Scheme') which has been approved by the Stock Exchanges. The Scheme has been sanctioned by the National Company Law Tribunal (NCLT) and the certified copy of the Order dated June 8, 2020 has been received on July 7, 2020 which has been filed with Registrar of Companies on July 20, 2020. This Scheme would be effective on receipt of approval from SEBI for CRISIL Ratings Limited to act as a Credit Rating Agency and necessary approval from the Reserve Bank of India ('RBI). Pending such approvals, pursuant to the requirements of Ind AS 105 'Non-current Assets Held for Sale and Discontinued Operations', particulars of discontinuing operations, considered in the standalone financial results has been presented below. Considering that CRISIL Ratings Limited, is a wholly owned subsidiary of the Company, there is no impact of the Scheme on the consolidated financial results.
