Rating Rationale

April 05, 2018 | Mumbai

Beardsell Limited

Ratings Reaffirmed

Rating Action

Rs.5 Crore Fixed Deposits Programme	FB+/Stable (Reaffirmed)
Rs.10 Crore Commercial Paper	CRISIL A1+(SO) (Reaffirmed)

1 crore = 10 million

Refer to annexure for Details of Instruments & Bank Facilities

Detailed Rationale

CRISIL has reaffirmed its ratings on the commercial paper programme (CP) and fixed deposits (FD) of Beardsell Limited (Beardsell) at 'FB+/Stable/CRISIL A1+(SO)'.

The structured obligation (SO) has been assigned on the CP as it is supported by an unconditional and irrevocable standby letter of credit (SBLC) extended by Bank of India (BOI; 'CRISIL AA+/Stable/CRISIL A+/Negative/CRISIL A1+').

Rationale for reaffirmation of rating for FD:

The rating continues to reflect the extensive industry experience of Beardsell's promoters and moderate financial risk profile marked by moderate network and debt protection metrics. These strengths are partially offset by susceptibility of revenue and operating margin to end user industry and volatility in raw material prices.

Rationale for reaffirmation of rating for SBLC backed CP:

The rating continues to reflect the strength of the unconditional and irrevocable SBLC from BOI, acting in dual capacity, as the SBLC providing bank and the issuing and paying agent (IPA). The rating is also supported by a well-defined payment structure (refer to annexure for details) to ensure timely servicing of obligations. The CP under this programme is valid for a maximum tenor of 90 days, subject to maturity date being on or before the expiry date of the SBLC facility i.e. November 5, 2018. The maximum CP at any point of time is Rs 10 Crore.

Analytical Approach

CRISIL has consolidated the business and financial risk profile of Beardsell with subsidiaries Saideep Polytherm (SP) and Sarovar Insulation Private Limited (SIPL) together referred to as Beardsell group. Beardsell, SP and SIPL are engaged in similar line of business. SIPL is a 100% subsidiary of Beardsell, while SP is 99.99% owned by Beardsell.

Key Rating Drivers & Detailed Description

Strengths

* **Extensive experience of promoters:** The promoters have been in this business since 1936 and understand the dynamics of the packaging and construction industry. Backed by promoters extensive industry experience group has established strong relationship with customers and suppliers.

* **Moderate financial risk profile:** Moderate networth and low gearing (Rs 37.02 crore and 0.95 times as on March 31, 2017) along with interest coverage ratio of 3.57 times for fiscal 2017 represent moderate financial risk profile. Debt protection metrics are expected to be weaker in fiscal 2018 on account of lower operating profitability.

Weakness

* **Susceptibility of revenue and operating margin to end user industry and volatility in raw material prices:** Group majorly caters to white goods (for packaging) and construction industry. Any slowdown in end user industry would have an adverse impact on the business risk profile of the group.

Further the group remains susceptible to volatility in raw material prices. Major raw materials for the group are crude oil derivatives and steel. Any sharp variations in the prices of these materials would impact the group's operating profitability, as is the case in fiscal 2018.

Key Rating Drivers and Description (for SBLC backed CP programme):

* **Unconditional and irrevocable SBLC from BOI, covering the entire rated amount:** The rating is based on strength of the credit enhancement facility provided by BOI, through an unconditional and irrevocable SBLC for the entire rated amount. The SBLC is valid for CP's (maturing till November 05, 2018), to be issued for a maximum tenor of 90 days subject to maturity date being on or before the expiry date of the SBLC facility and quantum, subject to maximum outstanding amount of Rs 10 Crore under the CP programme. The current SBLC shall remain in full force and effect till November 05, 2018.

* **Well-defined payment structure designed to ensure full and timely payment to investors:** A well-defined payment mechanism has been put in place to ensure timely payment of obligation to the investors of the CP programme. The payment structure is depicted in the Annexure.

Outlook: Stable

CRISIL believes Beardsell Group will continue to benefit over the medium term from the extensive experience of its promoters. The outlook may be revised to 'Positive' if the group diversifies and scales up operations and sustainably improves profitability, while maintaining capital structure. The outlook may be revised to 'Negative' if financial risk profile, especially liquidity, weakens because of a sharp decline in operating margin and revenue, large, debt-funded capital expenditure, or stretch in working capital cycle.
